

## Battery Goes Dead

Charge the battery using a motorcycle battery charger.

Remove the battery from the motorcycle before charging.

Do not use an automobile-type battery charger, as these can overheat a motorcycle battery and cause permanent damage.

If the battery does not recover after recharging, contact your dealer.

### NOTICE

Jump starting using an automobile battery is not recommended, as this can damage your motorcycle's electrical system.

## Burned-out Light Bulb

All light bulbs on the motorcycle are LEDs. If there is a LED which is not turned on, see your dealer for this service.

### Headlight

The headlight uses several LEDs. If there is a LED which is not turned on, see your dealer for this service.
