

6. Lock the rear wheel by applying the brake lock lever (page 38).
7. Be sure to keep the throttle closed and the rear brake (2) locked while warming up the engine.
8. Allow the engine to warm up before riding (See “RIDING,” page 51).

(2) Rear brake lever

▲WARNING

- * Do not “BLIP” the throttle (open and close rapidly) as the scooter will move forward suddenly, causing possible loss of control.
- * Do not leave the scooter unattended while the engine is warming up.
