

## MAINTENANCE SCHEDULE

The mileage intervals shown in the MAINTENANCE SCHEDULE are intended as a guide for establishing regular maintenance and lubrication periods for your Honda. Sustained severe or high speed operation under adverse conditions necessitates more frequent servicing. To determine specific recommendations for conditions under which you use your motorcycle, consult your authorized Honda dealer. If your GL 1000 is ever overturned or involved in a collision, have your Honda dealer

carefully inspect the major components, e.g. frame, suspension and steering parts, for misalignment or damage to ensure further safe operation.
