

## FOURTRAX SAFETY

### SPECIAL SAFETY MESSAGES

#### AN ATV IS NOT A TOY AND CAN BE HAZARDOUS TO OPERATE.

An ATV handles differently from other vehicles including motorcycles and cars. A collision or rollover can occur quickly, even during routine maneuvers such as turning and driving on hills or over obstacles, if you fail to take proper precautions.

**SEVERE INJURY OR DEATH** can result if you do not follow these instructions:

- \* Read this manual and all labels carefully and follow the operating procedures described.
- \* Never operate an ATV without proper instruction.  
Take a training course. Beginners should receive training from a certified instructor. Contact an authorized ATV dealer or call 1—800—447—4700 to find out about the training courses nearest you.
- \* Always follow this age recommendation: A child under 16 years old should never operate an ATV with engine size greater than 90 cc.
- \* Never allow a child under age 16 to operate an ATV without adult supervision, and never allow continued use of an ATV by a child if he or she does not have the abilities to operate it safely.
