

Appearance Care

Finishing Touches

Refer to *Safety Precautions* on page 91.

After washing your ATV, consider using a commercially-available spray cleaner/polish or quality liquid or paste wax to finish the job. Use only a non-abrasive polish or wax made specifically for motorcycles or automobiles. Apply the polish or wax according to the instructions on the container.

If a surface on your ATV is chipped or scratched, your Honda dealer has touch-up paint to match your ATV's colour. Be sure to use your ATV's colour code (page 193) when you buy touch-up paint.
