

Service Manuals

The Service Manual (Part No. 61GN111) used by your Honda dealer is available from your dealer's parts department.

Also available, but not necessary to service your model:

- The Honda Common Service Manual (Part Number: 61CM000) explains the theory of operation and provides basic service information for various systems common to all Honda motorcycles, motor scooters, and ATVs.

These Honda manuals are written for the professional technician, but most mechanically-capable owners should find them easy to use if they have the proper tools and observe proper safety standards. Special Honda tools are necessary for some procedures.
